Topic: Traffic speed and road safety along Titirangi Road.

What do you want the council to do?:

We the undersigned would like the Auckland Super City Council to take a review of the traffic speed along Titirangi road and instigate traffic calming measures that would make the road safer for pedestrians and cyclists to use the road; In particular the school aged children who use the road each day to walk to and from school in the village.

Specifically we would like to see a roundabout installed at the intersection of Godley Road and Titirangi road, we would like additional pedestrian crossings/islands along the road, speed bumps in place along Titirangi Road as you approach/leave the village, and we would like a driver speed information sign erected opposite park road on the bend coming down from the village.

The council need to recognise the business and high usage of the road, the speed of the traffic flow and the narrow footpaths.
